The Prime Minister Shri Narendra Modi addressed the nation on 8 August 2019. The following is the English rendering of his address;

My fellow countrymen,

A s a country and as a family, you and I, together we took a historic decision. A system which denied due rights to our brothers and sisters of Jammu, Kashmir and Ladakh; a system which was huge hurdle in their development has now been eradicated. An old dream which Sarad Vallabhbhai Patel had, a dream which Babasaheb Ambedkar had, the dream shared by Shyama Prasad Mukherjee, Atalji and Ladakh. Now the rights and accountabilities of all the citizens of the country are similar. I congratulate the people Jammu-Kashmir, Ladakh and every citizen of the country.

Friends, Sometimes some things of the social life get so entangled with time that they are considered to be permanent. A sentiment of complacency develops and it is thought that nothing is ever going to change. A similar sentiment prevailed for Article 370. Because of this there was no debate or talk about the damage done to our brothers and sisters, our children in Jammu-Kashmir and Ladakh. Astonishingly, nobody was able to list the benefits that Article 370 delivered to the people of Jammu-Kashmir. Brothers and sisters, Article 370 and 35A has given nothing but secessionism, terrorism, nepotism and widespread corruption on a large scale to Jammu-Kashmir. Both these articles were used as a weapon by Pakistan to flare up the emotions of some people. Due to this more than 42,000 people lost their lives in the last three decades. The development in Jammu-Kashmir and Ladakh could not be done on levels which the region deserved. After the removal of this flaw in the system, the people of Jammu-Kashmir will not only have a better present but a bright future ahead.

Friends, Whichever government is in power, it works for the betterment of the country by enacting laws in the Parliament. No matter which party or coalition is in power, this work never stops. There is a lot of debate both inside and outside the Parliament when laws are enacted and made, a lot of debate and brainstorming occurs and serious arguments are put up over its importance and effect. The laws that are enacted after undergoing this process are beneficial for the future.

In this article, we will discuss which type of new jobs and new skills will you need to find jobs in the automotive sector in the near future.

Most students who have passed Class 12th this year and took admission in various college courses will be seeking jobs in 2022 - since most graduation courses in India are three-year long. Those who have joined the engineering courses will be ready to join the workforce after four years (in 2023). New medical students know that they can work as doctors anywhere - in clinics or in hospitals - once they graduate but for the rest, it is important to know which skills will be in demand in the next three to four years.

FICCI (Federal of Indian Chambers of Commerce & Industry) and NASSCOM (National Association of Software and Services Companies) initiated with a study 'Future of Jobs’ with EY (Ernst & Young) which examined global megatrends and their impact on the Indian economy. The report studied five of the key sectors in India in detail and came up with the skills they will require in 2022. These sectors were:
- Automotive,
- BFSI (Banking, Financial Services, and Insurance),
- IT-BPM (Information Technology and Business Process Management),
- Retail, and
- Textiles.

It is believed that in the near future, there will be a decline in the repetitive and predictable, rule-based jobs while the demand will increase for creative, design-oriented skills that require high order thinking skills (HOTS).

Changes in Skills

According to the report, three major trends that are going to affect job opportunities in these sectors in India will be - globalization, changes in demographics, and adoption of new technologies by various industries. It is predicted will create most job opportunities in the IT and BFSI sectors, to some extent in auto and retail sectors, and least in core manufacturing sectors such as apparel and leather industries.

The skill sets needed by the future employees of these countries are also expected to change by a large percentage:

In this article, we will discuss which type of new jobs and new skills you will need to find jobs in the automotive sector in the near future.

Current Status of Automotive Sector in India

India is the world's fourth-largest car manufacturer and seventh largest manufacturer of commercial vehicles. By 2020, it is expected to reach a turnover of Rs 16-18 lakh crores. About 3.1 crore vehicles were manufactured in India in 2019. Traditionally, two-wheelers dominate the Indian automobile

of the people of the nation. However, it’s unfaithful that so many laws are enacted in the Parliament and not enacted in a particular region of the country. Even previous governments who were hailed after enacting just one law couldn’t claim that the same law will be implemented in the Jammu & Kashmir region. More than 1.5 crore people of Jammu & Kashmir were deprived of the benefits of the laws that were enacted for the benefit of the people of India. Imagine children in rest of the country have a right to education while children in Jammu & Kashmir were deprived of this right. The government provides many financial facilities like LTC, House Rent Allowance, Education Allowance for children, Health Schemes etc., which of most are not provided to the employees of Jammu and Kashmir government. Such facilities would soon be provided to the employees of Jammu and Kashmir government and state police personnel following a review.

Friends, very soon the process to fill the vacancies of central and state government will be initiated in Jammu and Kashmir and Ladakh. This would provide adequate employment opportunities to the local youth. Besides, public sector units of the central government and big private sector companies would also be encouraged to provide employment opportunities. Apart from the above, Army and para military forces would organize rallies to recruiting youths. The government would also expand Prime Ministers Scholarship Scheme so that more and more students can get its benefit. Jammu and Kashmir also has huge revenue oil and gas projects that would allow to cast vote in assembly and local body elections.

Friends, very soon the ones who had come to India following partition in 1947. Should we have allowed the injustice to continue in the same way?

FIR?

I would also like to clarify another important point to my brothers and sisters of Jammu and Kashmir. Your representative (M.P.) was elected by you, he would be one amongst you. The MLAs would be elected just as they were earlier. The forthcoming cabinet would just be as it was used to be earlier. The chief ministers would just be as they were before.

The Centre this week gave a thrust to its efforts to nurture skill training and successful entrepreneurship among the enterprising young generation of the country. Launching the awareness campaign in New Delhi to ensure massive participation in National Entrepreneurship Awards 2019 to be held on 9th November this year, the Minister for Skill Development & Entrepreneurship Dr. Mahendra Nath Pandey said, Prime Minister Shri Narendra Modi’s government is strongly working with renewed enthusiasm to realise the aspirations of the common man. “It has happened after a long time. The government has come back with more majority; a government that is connected to the people. How to bring forward the youth of the country is priority for the government,” the minister said.

The National Entrepreneurship Awards (NEA) 2019 that are administered by the Ministry of Skill Development and Entrepreneurship (MSDE) as an important step to catalyse a cultural shift in youth for entrepreneurship and to recognise and honor outstanding young first generation entrepreneurs and their ecosystem builders for their outstanding contribution in entrepreneurship development.

Observing that articles in print media and telecast of film award functions get repeated often, the Minister for Skill Development & Entrepreneurship Dr. Mahendra Nath Pandey appealed to the media to accord similar importance to creating awareness on skill development and entrepreneurship to nurture an enterprising culture among the youth of the nation.

Make in India, Skill India, Startup India, Stand Up India, Mudra are concerted efforts of the government towards empowering the youth to fulfill the vision of Prime Minister Shri Narendra Modi to nurture an enterprising culture among the youth of the nation.

Friends, the festival of Eid is around the corner. I extend my greetings to all on Eid. The government is taking care that people of Jammu - Kashmir don’t face any problem while celebrating Eid. The government is extending all possible help to those friends who live outside Jammu & Kashmir and want to return back to their homes on Eid. Friends, today on this occasion, I also express my gratitude to our friends in security forces, who are posted in Jammu - Kashmir and Laddakh.

Prime Minister Narendra Modi’s vision to skill every Indian and encourage the youth towards entrepreneurship has enabled the government to launch many such initiatives. Entrepreneurs are able to contribute much more to the country as job creators” Dr. Pandey said further adding “It is heartening to know that the government’s initiatives to involve every part of the youth eligible for the skills efforts, is bearing fruit. In reply to a question by the media, Skill Development Minister Dr Mahendra Nath Pandey said his ministry is doing its best to give required training and assistance to the youth of Jammu and Kashmir and Ladakh.

Speaking on the occasion, Joint Secretary, Ms. Jyotsna Siling said, the award function is proposed to be held on 9th November, the foundation day of the Ministry of Skill Development & Entrepreneurship. There are a total of 45 specially designed awards to be bestowed - 39 Enterprise Awards and 6 Awards for Entrepreneurship Ecosystem Builders. To be awarded this year, the nominees must be under the age of 40 years; they must be first-generation entrepreneurs; the nominee (entrepreneur) must hold 51% or more equity and ownership of the business; and economic entrants must individually or collectively own 75% or more of the enterprise.

Friends! this decision will help in economic development of Jammu - Kashmir and Ladakh along with the entire country. When peace and prosperity prevails in this important part of the globe, the efforts for peace in entire world will be naturally strengthened.

I call upon my brothers and sisters of Jammu - Kashmir and Ladakh to come together to show the world how much strength, courage and passion we have.

I appeal to the people of Jammu and Kashmir, Export, Food Processing Sector to come forward to ensure that local products of Jammu and Kashmir and Ladakh reach whole of the world.

Friends, After becoming a Union territory, development of the people of Ladakh becomes natural responsibility of the Centre and the Jammu & Kashmir Government with the cooperation of local representatives, Development Council of Ladakh and Kargil, tourism, benefits of all development schemes reaches to people at a faster pace. Ladakh has the potential to become the biggest centre of spiritual tourism, adventure tourism and eco-tourism. Ladakh also has the potential to become a big centre of Solar energy generation. Now, the capability of people of Ladakh will be utilized appropriately and new opportunities of development will come up. The innovative spirit of youth of Ladakh will get a boost, they will get good institutes for good education, people will get good jobs, villages, and infrastructure will be modernized with priority.

Friends, this is an extraordinary step that will help the government in giving a new direction to Jammu - Kashmir-Ladakh, and help the country. Moving ahead from, who voted in Parliament, who didn’t, who supported the bill, and didn’t, now we all have to come together to work unitedly in the interest of Jammu - Kashmir-Ladakh. I also want to convey to our countrymen that these concerns of Jammu-Kashmir and Laddakh are our collective concerns. These are the concerns of 130 crore citizens. We are not indifferent to their happiness or sorrows and sufferings. The riddance from Article 370 is a reality. But it is also true that whatever odds are being caused now because of these historic steps are being fought by them only. Our brothers and sisters of that region are patiently relying on the handful of people, who want to vitiate the atmosphere there. We should not forget that it is the patriots of Jammu-Kashmir who are strongly opposing the nefarious designs of Pakistan in perpetuating terrorism and separatism. Our brothers and sisters, who believe in Indian Constitution, deserve a better life. We all are proud of them. Today I assure these friends of Jammu-Kashmir that the situation will gradually return to normal and all their troubles too will reduce.
